I have been a patient in this practice for over 30 years. I have complete confidence in Dr. Mohme, Dr. Dawson, and all the staff. I am always greeted by name and with a smile. They know me well & remember important & pertinent information. The staff are all very professional & meticulous with their care. I always receive feedback about their findings during my visits, & we discuss any treatments that might be needed. The office has always maintained very high standards of cleanliness and sanitation, which are now especially important in this time of Covid 19. I do not hesitate to go for an appointment. I highly recommend these dentists.

First time at this practice and I could tell the level of care is excellent, from the dentist to the hygienist to the front desk. Had a terrific first experience and could recommend this practice highly.

Got my teeth cleaned by Gail today at my favorite dentist office, Peachtree Corners Dental Associates Dr. Edward Mohme and Dr. Kristina Dawson. Gail is always thorough and we manage to catch up with each other during the process. Dr. Mohme gave a final okay and I was on my way. Their waiting room and office are set up to accommodate the current pandemic safety protocols without being scary. I felt reassured the whole time I was in the office, from the temperature check when I came in, to all the mask-wearing employees and patients, to walking out through an exit door, different from the entrance door. I am never fearful when I have an appointment with these wonderful dental associates!

I, along with my family of four, have gone to this this practice for more than 20 years! Everything about the practice is excellent....the hygienists, Dr. Mohme, his daughter, Dr. Dawson, Dawn, the office manager. The cleanliness of the office is second to none. I have a daughter, Leah, with moderate/severe autism. Gail, our hygienist who has been with the practice for as long as I have been a patient, is BEYOND excellent. Gail, not only managed to keep Leah calm (in general), but also while Leah was in a chair that was being electronically repositioned to the supine position, was BEYOND amazing. (Only if you have a child with autism, can you realize just how amazing this really is!) Leah had severe behavioral issues. (She is non verbal, unable to express her fears, anxiety, etc). From the very first visit, Gail had a presence with Leah unlike anything i had ever experienced! For Leah to sit in the dental chair, open her mouth for someone whom she had never met who, 'incidentally', had sharp instruments in her hand was nothing short of a miracle. Gail was and is absolutely amazing; as is everything about the practice!

We drive 60 mile one way to have our teeth taken care of by them. We were going to switch to a local dentist but the local dentist want to do \$3500 work that was not needed. Thanks Vernon

She was great! I could tell she was super nervous because I was nervous because I had practically OD'd on caffeine two days before. I have very sensitive gums because I'm terrible about flossing and I smoked in the last 6 months and started vaping and there studies that show vaping and smoking makes your gums weak. I think she may have thought she was causing the bleeding but she wasn't. It was all my fault. I know that because this is never happened before and I have never smoked before. So I'm definitely not going to be smoking anymore and I got a waterpik and actually just got finished using the Waterpik, then flossing, then electric toothbrush. Going to do that everyday morning and night. Thanks so much!

Hi . . . My name is Randy Miller. I spent 25 -plus years in the medical malpractice business and I know what to look for in almost any type of medical exposure ranging from brain surgery to re-aligning broken fingers and toes. Yes, all physician types attend medical school and most of the initial focus is on how to recognize and treat a true medical situations. But physicians must go far beyond this to include the patient's over-all health, including the mind and willingness to do what is necessary to restore themselves to a healthy lifestyle. Good example . . . don't brush your teeth and take care of your mouth you may have dentures before you are mid-twenties. Or an accident can claim your teeth. Lost my own front teeth when a line-drive hit the ground, bounced up, and I spit all my front teeth into my hand, slid them into my pocket and headed to seek help with pain, blood, reconstruction and depression. So now I have some 'store-bought choppers" that I put in a glass of water every night with a fizzing tablet that cleans them up. But for the rest of my God-given teeth, I rely on the Mohme crew to keep me in excellent working-order. All the best to you . . . Bottom line , , , have known these docs for YEARS and would recommend them in a flash! They'll do you right. Thanks . . . Randy

Assesses each one of us individually and doesn't give us the pat responses..."everyone needs braces" or "everyone needs their wisdom teeth pulled".

I don't feel like they are trying to make money off me. Also, they remember me and details about me from 6 months before and where my children go to school/college. Very personable.

Dawn at the front desk was very accommodating and got me an appointment the very next day. I then had my teeth cleaned and examined by Keisha who gave me the most thorough exam I have ever had. And then Dr. Mohme was the closing pitcher. He shows that all these good traits from the top down. I am glad my wife and I made the change to Dr. Mohme and his team. I went to Peachtree Corners Dental Associates for the first time this week. The entire experience was fantastic. Every person in the office was friendly and informative from the person at the front desk to the dentist. You can tell that they really care about their patients and that they are experts in their field. I will definitely be back!

Have you ever looked forward to going to the dentist? We do! We are a family of 5 and have been coming to Peachtree Corners Dental Associates for many years now. They are just the friendliest down to earth people in the business. It starts up front with Dawn who will make you feel so welcome and will take the time to walk you through any insurance or payment issues you may have. My hygienist is Kecia but all of the ladies that work there are amazing! They are very kind and always make us feel warm and relaxed, but more important they are really good at what they do! The dad/daughter duo of Dr. Mohme and Dr. Dawson is the driving force at this office. They are cutting edge, talented dentists that really care about you as a person. They won't try and up-sell or treat you for something you don't need, they simply take care of you like you were family! Trust me when I tell you that this is the dentist you have always been looking for. Who knows maybe you'll be like we are and look forward to visiting the dentist.

Greeted by Dawn offering heerful & professional welcome to Gail who has served as our hygentist. Dr. Mohme offers sensible dentistry and demonstrates a sincere interest to satisfying each customer. We now have the added bonus of Dr. Dawson who also now takes care of our family! Peachtree Corner Dental deserves a superior rating!

As usual I walked out of Peachtree Corners Dental Office with a smile. I have been a patient of Dr. Mohme's for the past 18 years and have only ever had positive visits. Dr. Dawson has been taking care of me for the past two years and I couldn't be happier. Everyone at this practice is highly professional, highly qualified and genuinely concerned with their patients. I might add that in the past 18 years I have never had to wait more than two minutes when I arrive for my appointment.

Got my bi-annual teeth cleaning. Keesha did a great job but discovered that I have a potential problem with an upper molar. After an x-ray, Dr. Mohme confirmed that this molar will have to come out and an implant installed. I have had this done on another tooth and Dr. Mohme and his staff were very efficient and professional. My Medicare and supplemental health insurance does NOT cover Dr. Mohme's services and that is my only complaint. Overall, I am pleased with Dr. Mohme's services and will continue to go there.

I receive reminders about my appointment, then I'm always warmly greeted by Dawn and everyone, never wait to be seen, get a thorough cleaning by Miss Gail, speak to Dr. Mohme, then have an exam by Dr. Dawson. That's a lot of personal contact for one appointment which adds up to my looking forward to going to the dentist! The office is clean and bright with great views into the woods. What more could I ask?

I'm new to the area and finding a dentist that was a good fit for me was important. The staff and doctors were very welcoming and friendly and made me feel very comfortable. They worked with my former dentist's office out of state to make sure that they had all of the up-to-date records which made the transition smooth and worry-free. The hygienists were great and Dr. Dawson was amazing. She made it feel like I was visiting a trusted friend instead of the dentist. I would definitely recommend them!

A diagnosis of a cavity in my tooth #18B by Dr.Mohme was discovered. Unfortunately, this tooth was part of a bridge. Dr. Mohme went to work to save the tooth and bridge. It was a difficult repair location but it was successful and the tooth and bridge were saved avoiding more expensive and painful procedures. Dr. Dawson and her staff helped me tremendously... I am new to the area. I asked a friend for a referral because I didn't feel completely confident with my in-network provider. I was thrilled that Dr. Dawson told me the straight story about repairing an

old restoration and happy that she handled the problem so well; and on the spot, too. Stephanie and Dawn were great helps, (even gave me everything I needed to file an out-of-network claim). Could not be more satisfied; thank you Dr. Dawson!

Dr. Mohme did a most professional job on a very tough molar extraction with four different pieces. Experience, confidence, and determination along with good hands are a rare thing these days. Plus, they always treat me like family. I am sure that he is passing this ability on to his daughter and associate, Dr. Kristina Dawson. William G. Gholston, D.V.M.

I have lived in Atlanta for 23 years and have had four dentists during those years, including Dr. Kristina Dawson. My most recent appointment was the best dentist visit I've ever had in those 23 years. Everyone is professional, considerate, calm and communicative. I'm so very glad I was referred to them!

Dr.Mohme and his staff are all very friendly and make you feel welcome from the start. My initial visit was for a second opinion and Dr.Mohme took the time to explain everything in detail to me, something I did not experience at my previous Dentist. I'm looking forward to continuing my dental care with Dr.Mohme and will be recommending him to anyone that is looking for a great Dentist.

Been a patient for close to 20 years and they're the best dentists - extremely thorough, knowledgeable, caring and compassionate. The entire team is very focused on providing the best care and customer service. All of them emulate the standard of excellence that Dr. Mohme and Dr. Dawson have set.

Hard to believe, but I no longer dread a dentist appointment and my exams and cleanings are thorough and painless. Dr. Dawson carries on the practice of watching a tooth discoloration for 6 mos. before automatically filling the spot. Gail is the best hygienist and knows all the quirks in my history.

I have been a patient for over 14 years. I am very particular in whom I choose to care for my dental health and wouldn't ever consider anyone other than Dr. Mohme and his amazing staff to take care of my teeth. I was so fortunate to have them recommended to me when I moved to Georgia from the Northeast. They make you feel like family and always provide the best care possible. I cannot say enough about how wonderful they are.

Dr. Dawson saw me right away and did an excellent job fixing the problem and I was on my way. Wonderful service! Thinking about changing to this practice.

Friendly. Well organized. Been going over 20 years. I do a good home job keeping teeth clean so few problems and cleaning only takes about 30 minutes. Really wonder if I get my money's worth of \$91 for cleaning and \$46 for 5 minute exam. The only thing ever done that I wonder if really needed was panoramic Xray for \$95. But hygienist recommended since had not had one. (I was not having any symptoms) Maybe I missed it, but not sure either dentist really examined the Xray.

I love this office. Without me having to request it, they offer me appointment options only when two hygienists are available at the same time so that I may get my twins in for routine cleanings and minimize the impact to my schedule. The hygienists are considerate with my young girls and make them feel very comfortable with all the instruments before starting service. They tell them every step of the process so they know what to expect and even let them choose the flavor of tooth polish. Their dental chairs are set up such that I can easily move between the two 'rooms' to confer with

the dentists and remain visible for my girls' comfort. I'd highly recommend PC Dental Assoc to anyone with children and who loves the small practice feel for dentistry.

I fortunately do not need additional work at this time, but will certainly return for a cleaning!

I had my first appointment with Dr. Dawson yesterday, 10/11/16. The waiting area neat and clean. I waited only a few minutes before being called back for my appointment time. I was quite impressed that Dr. Dawson personally clean my teeth on my first visit. Subsequent visits I will see the hygienist first and then either Dr. Dawson or Dr. Mohme. Dr. Dawson was very careful to look at each tooth, make notes of the bone structure in my mouth, note each filling, etc. I have never had such a thorough examination of my teeth, gums, etc. ! That first appointment lasted a little more than an hour. Dr. Dawson was professional, caring, friendly, and listened to concerns that I had about my teeth and my oral hygiene. Her equipment is state-of-the-art. I was most impressed by Dr. Dawson's knowledge of her field. I am delighted to have found this practice and would highly recommend it to my friends!

Dr. Dawson and the staff are so friendly. More importantly, Dr. Dawson was very gentle, considerate, and addressed all my concerns prior to and throughout my cleaning visit. The staff are also wonderful. They take the time to explain everything so that I know what they are about to do. This was my first visit, and it was an excellent experience. Will definitely return for the next appointment:)

I seldom had a bad experience there, but my visit yesterday was especially pleasant. The hygienist was attentive and made sure that I was comfortable. I've been their patient for 20 years now. I moved away from the neighborhood 15 years ago but still drive 25+ minutes to see Dr. Mohme/Dr. Dawson and their staff.

Wonderful! Unique experience. Dentist performed cleaning on my first visit! I never had that experience in my life. A new experience for me. The day after my visit, Tuesday, a colleague of mine asked me who did the nice work on my teeth and I referred him to your website. He is from Nashville also, moved down here recently. His smile and pearl white teeth are very, very important to him. And I shared wonderful things about you guys. And the Dentist (Dr Kristina) showed me how to use my whitening tray and the whitener. It was Important for me to know how to dispense proper amount of whitener without wasting any of it (which is expensive) in attempting to figure it out on my own. The Dentist was very helpful and instrumental. Robert

Hygienist was thorough in cleaning and in checking for issues. Dentist should have provided feedback to patient. Looked in my mouth quickly and left without providing comment. I had to ask "Does everything look okay?". This is similar to what I experienced last time with the other dentist. I am glad that I don't have issues that require much discussion, but each patient should be acknowledged and respected.

And i don't think my dental needs are based on their production for the week (like other offices do).

Our family always gets great care at Peachtree Corners Dental Associates (PCDA). Dawn, at the front window, is so genuinely friendly and makes a great first impression of the practice on the phone, as well. There is very little turnover (if any?) at PCDA which speaks volumes about Dr. Mohme and Dr. Dawson. Our family has been going to Dr. Mohme (and now Dr. Dawson, as well) for about 17-18 years. I don't think you will be disappointed if you give these dentists a try! ~ Jodi

Great! I really like Dr. Dawson. She did a great job as always, and the staff is always friendly and helpful. Also, and this might seem like a minor point, but it might strike a chord with someone: the view out the window from the dentists' chairs and from the hygienists' chairs is beautiful and relaxing--perfect for anyone who might feel anxious. I'm not usually anxious but I do admire beauty. It makes the experience much better!

I have gotten use to the bad décor, insensitive doctor, mean girls at the front desk and the pain monsters that clean my teeth.....kidding! It took 30 years to break in Chip and I don't enough time left to do it again. Seriously, I don't consider this practice a dentist office, but a family reunion every 90 days. When I call in and Dawn recognizes me after one word and starts to give me trouble it feels like family. The easy going atmosphere from beginning to end is very relaxing in a situation that could be extremely tense. Tell Chip I said if the plastic gloves fit you cannot quit!

I have been a patient here ever since I moved to Atlanta 23 year's ago. The staff are extremely professional. I do not remember ever having to wait when I had a scheduled appointment. when I had a few dental emergencies I was always able to get in to see the dentist. I have recommended them to my brother and sister in law who recently moved here and needed a good dentist.

Review for Edward Mohme

I can never say I enjoy going to the dentist, but here I found Dr. Mohme made things easy for me to understand and when there was something wrong, laid down a course of treatment that I could try at home before doing something more in depth. I really liked this place and I intend to go back every 6 months like I'm supposed to which is saying something because like doctors, I usually don't go unless there is a problem. I recommend this practice for people with anything from horrible gums and teeth to perfect teeth. They can help.

Have been going to Dr. Mohme for many years and although I no longer work close by so it is more of a trek, I continue to go because 1) I rarely have a wait so I don't waste time and 2) Dr. Mohme doesn't try to supplement his income with unnecessary procedures. I feel like I can trust

him and of course it doesn't hurt that 3) his staff is wonderful. The same staff has been with him for years and can't say enough about how much they add to the office.

Who likes going to the dentist? No one I know, but having been a patient of Dr. Mohme's for almost 20 years; I will never go to another dentist. He isn't an alarmist; he tries to ensure you are pain free and comfortable and the staff has pretty much been the same since I started seeing him. He treats his patients very well and so obviously, he treats his team well. Imagine employee retention in 2015! the team is outstanding, friendly and understanding.

It's always a pleasure to visit this dental facility. The personnel are pleasant, know me and attend to my needs in a professional and competent manner that has always been as good an experience as "going to the dentist" can be. I would highly recommend them to anyone!

My whole family comes here, including my 6 yo. We love our experience. My son has been seen here since he was 4 and loves to come. The hygienist have been able to give him great cleanings because they really take their time and keep him happy. Appointments are prompt, thorough, and even though we don't have dental insurance the prices very affordable. I often refer friends and neighbors.

Review for Edward Mohme

I have been using Dr Mohme for over 15 yrs and can honestly say you will never find a nicer more professional dentist. He has extremely high integrity as well as is extremely personal. His staff is a true reflection of him and the way he runs his business. I have often recommended Dr Mohme and the feedback has always been positive and all that I have recommended have remained clients. Many times Dr Mohme has recommended to these referrals that they do not need procedures completed that other Dentist have suggested. He may not be the cheapest, but he is also not the most expensive and the value you receive from Dr Mohme and his staff is superb. He will not only save you money in the long run, but he will help save the health of your teeth. You cannot go wrong with him. Just look at all the other reviews. We can't all be wrong.

Friends referred us to Dr. Mohme several years ago after we had a bad experience elsewhere. We were pleasantly surprised as we got to know the staff and how welcoming and down to earth they were. Right off the bat they made us feel like part of the family. It's been about fourteen years now and we've always been completely satisfied. Our grown children still go there and now take their children. Even after we moved further away (with four dentists within walking distance) we still travel 40 minutes to Peachtree Corners Dental. Two thumbs up!

I always say the first person you meet sets the stage for your clinic/ business. Dawn is exceptional. She recognizes each person that walks through the sore and addresses them by their name. Her smile is

contagious. Hospitality must be one of her gifts. I don't think you could have a finer person at the front greeting people as they walk through the door. She certainly sets the stage for a positive experience and reduces stress with her friendliness. Dr Mohme/ Dawson, you have a wonderful team.

Our family has come to Peachtree Corners Dental Associates (PCDA) for approx. 18-20 years. We would highly recommend this practice to our friends, co-workers, etc. Dr. Edward Mohme and Dr. Kristina Dawson are both wonderful dentists. Dr. Dawson is quite knowledgeable and extremely delightful; Dr. Mohme has so much experience to contribute to their practice. They are a super team! Dawn, who sits at the front desk, is an excellent "first impression" person, whether by phone or in person. She greets everyone with a most sincere smile or kind word, and if you're a bit antsy about "going to the dentist" Dawn will calm you right down before you're called back. The hygienists are very personable, as well. I don't recall waiting over 5 minutes, if even that. Generally, once you walk in they are ready to take you back; something very refreshing these days for any appointments I do not believe you will be disappointed if you choose PCDA for your dental needs! - Jodi S.

Peachtree Corners Dental Associates is the best dental office I have ever visited. My husband and I have been patients for many years and have never had a complaint or concern with this wonderful group. Doctors Mohme and Dawson, as well as the entire staff, are excellent. If you are looking for a new dentist, you will not be disappointed with this wonderful group!

I went to Peachtree Corners Dental Associates for the first time last week and had an amazing experience! Everyone is so welcoming in the office and they make you feel at home. I would literally drive 5 hours away for this office because they were just that awesome. Everything is very clean and all staff are very knowledgeable. I didn't get the chance to meet Dr. Mohme, but I had the chance to meet with Dr. Dawson. She is just great! She knows

what she is doing and she is very trustworthy when it comes to providing feedback with your teeth. She is so sweet and super nice! I can't wait to come back here! I highly recommend this office to anyone looking for a superb dental office! Once you come here, you won't go anywhere else:)

Review for Kecia Edmondson

I have never experienced as much pain in a dentist chair as I did yesterday. Especially under a simple examination. 10 minutes of DEEP probing with a needle down to the bone into areas already enflamed by cleaning was unbearable. Kisha knew that I was uncomfortable many times. A few times I almost sat up but she continued. Each probe felt like it was reaching the gum and then piecing the gum to get down to the jawbone. That same examination has been done twice in the past and I've never felt like I had to jump out of the chair to stop it. I am not questioning the need for the exam or the results. The method of administering was terrible. I will call the periodontitis immediately and schedule an appointment.

The competence knowledge and skills of the staff are unquestionably outstanding. Equipment is state-of-the-art. Pleasant experience as usual. Not having dental insurance I wish you would be more willing to negotiate a preferred rate since you do not have to deal with the hassle of filing any claims. Also, I am willingly taking my own time to complete a satisfaction survey for you--it doesn't seem like much to ask in return to have a 10% discount for a patient paying out of pocket. You're welcome.

5 Stars as usual. I arrived early and they got me back right away to start getting my work done. Very quiet and relaxing experience....who can say that when they get two fillings done and a cleaning! I love the staff and the office. I almost can't wait to go back. Dr. Dawson is very gentile and knows what she's doing. Couldn't ask for better.

Review for Gail Bolton

Well, there is no protocol followed or there exists inconsistency in how and what they ask the customer. for example, it is general to ask a customer if they have any changes in their medical health, any medication, any changes in diet, any recent surgery or if there was a hear attach etc.. a list of things to be followed in order. THIS WAS NOT DONE. when I walked into the office, the first thing the hygienist asked was "did you have any recent heart attack or went through surgery?", I was startled and nobody has asked me this question before. well, if there was a list of questions to ask and if the hygienist follows them in order, I appreciate it. but, that was not the case here. so, I recommend that there is a list of things to ask in order. follow that order. maintain this consistency. this way, you walk through the points and mark them as done. put that list on the wall so that all hygienists follow the same protocol. Visiting Dentist and getting the teeth cleaned should be a nice experience. I like the Doctors there and I know Mohme and

Dawson and like them. Hence, I would recommend them to others. But, the employees should learn to follow protocols.

The Peachtree Corners Dental Associates Dr. Mohme and Dr. Dawson is an incredible practice. I have been a patient for 25 years and never encountered a problem. They offer the "best" dental service and customer service. They value their patients and make you feel like a part of their family. The staff is personable and genuinely concerned about the health of your teeth/mouth. They are timely with the appointment schedule and when you walk into the office, you are always greeted by name with a smile. I travel a distance to this practice, but service like Dr. Mohme, Dr. Dawson and staff provide, it is well worth it.

I think the practice is very good and the staff is terrific. However, my Mom has yet another filling that needs replaced and it's been in less than two years. Last time she was there, y'all reached one that was fairly new and it cost her \$189. That's a lot of money to an 89 year old woman when the filling was also less than two years old.

I've been a patient for over 20 years and can't imagine ever going anywhere else. Dawn is so friendly, accommodating and always has a smile on her face. Tory did a wonderful job cleaning my teeth and I was lucky enough to have Dr. Dawson do my exam. I will continue to refer my friends and family to this wonderful dental practice

I have been a patient of Dr. Mohme's since I moved to Atlanta in 1992. I have always been impressed the professionalism of him and his staff. I am happy his daughter Dr. Dawson has joined the practice and continues his tradition of great service. I will need an implant in the future and was told to take a wait and see attitude before I had it done. I have had experience with other dental practices who see dollar signs and had I been a patient at one of those I would be getting the implant very soon.

Review for Kristina Dawson

This was my first visit with Dr. Dawson, and must say it's been the best experience I've had in a number of years. I've always been extremely anxious when going to the dentist, but Kristina and her staff did a fantastic job of making me feel comfortable. I was surprised to find that she prefers doing her own cleanings, rather than an assistant. I feel it made for a more thorough cleaning than I've experienced in the past. She was extremely knowledgeable, as you would expect from your dentist, but she did a great job of explaining the things I might not have understood. As mentioned, this was my first visit, but it will not be my last.

I never thought I would say this, but I look forward to going to my dental appointments because the entire staff is so welcoming, professional, and kind. We always begin on time and I walk out feeling as though I was the most important patient there. Dr. Mohme does not do procedures that are unnecessary. He has been "watching" my wisdom tooth for 20 years! I always feel happy to recommend this practice to people in need of a dentist. Because my daughters are grown and out of the house, Gail makes sure they come in for their appointments. This place is like extended family. I just love them all.

Torey was awesome and so sweet! All the hygienists are so thorough. Best dentists around too. Dr. Mohme saved my husband's teeth after years of going to another dentist (20 years ago now) who never mentioned any issues with his bite. So grateful for this practice and have recommended to many of my friends and clients who all have the same feeling.

I have been a patient of Dr. Mohme for over twenty years. The quality of his practice has never wavered. I have found Dr. Mohme always to be honest and conservative in his assessments re dental health and procedures. His staff is wonderful starting with Dawn, the office manager who has been there for years and is always on top of things. Over the years I have had different hygienists and they are always very competent and I felt like I was

in good hands. His daughter, Dr. Dawson has joined the practice and I have been impressed with her thoroughness and knowledge. I feel very fortunate to have found a dentist and staff that is the caliber of Dr. Mohme's practice.

I have had the extreme pleasure of being attended By Dr. Mohme for over 25 years and have never had one single issue with him or the facility. On the other had the staff, who also been around longer that any of us would like to remember, a real one of a kind group. I almost always leave their office in tears, noy be cause of the procedures but because they are so funny and their chemistry works. Seriously, From Torry, to Dawn, to Kristy, to Gail the

make each visit a lot of fun while remaining confident, knowledgeable, will do almost anything to keep their patients comfortable. The addition of Dr. Dawson and Staci should be another expansion of the practice. vg

Dr. Mohme always has the best interest of his patients. He is conservative in his treatment, doing what is best for the patient. I have a lot of issues in my mouth and he takes it one step at a time. When it does come time for him to do repairs, he has given me options and thoroughly discussed them with me to help me make the best decision for my dental care and affordability.

I had a good visit and appreciate the kindness and conversation. One recommendation would be to more effectively communicate when taking x-rays. Dr. Dawson did a nice job explaining what future work I will need and why I will need it.

Review for Edward Mohme

I actually find Dr. Mohme to be the best and gentlest dentist I've ever had. I've only had three and the last – Dr. Jensen was excellent too. However, my first dentist many moons ago still constitutes a nightmare or 2 every decade or so. He was a German, Dr. Funkhouser (my sibilings and I uttered his name a tad differently) on Peachtree St. His lobby had huge mirrors on every wall and below the mirrors were couches – which this writer and sibilings unsuccessfully would hide under. When we were summoned, they would drag us and strap us to his chair – I'd be in shear panic prior to his commencement. The metal drills were suspended in a series above thy little pus and his bald head and bulging eyes with coke bottle lenses would terrify our pour souls while he tormented us with no pain relief for what seemed – hours. I'd eat all the candies available to assure multiple cavities for my annual anguish with the hope that he would finally use the gas mask. I remain convinced he must apprenticed under Heinrich. So, yes – Dr. Mohme is great.

Everyone in this office is incredibly friendly and professional. I am always greeted by name. They seem to take a genuine interest in my dental health. The office and all the equipment is neat, clean, and functions well. All procedures are completely explained. I am also given thorough instructions and ideas for taking care of my teeth and gums. I have the utmost confidence in everyone in this practice.

I've been a patient here for 15+ years. Everyone is wonderful and I have found them to be extremely ethical. I would never worry that the doctors or hygienists would suggest any procedure that wasn't absolutely necessary. I HIGHLY recommend this state-of-the-art dental practice.

I've been seeing Dr. Mohme for the last 5 years after bouncing around various dentists. Dr. Mohme is the most honest dentist I've ever had. He doesn't push procedures: he honestly explains the state of my dental work and the need or not of redoing any of it. Several other dentists claimed I was in imminent danger of a cracked tooth and that I needed crowns right away. Dr. Mohme said there was a slight risk but recommended waiting. Five years later and my teeth have suffered no such catastrophe. The hygienists are all very friendly and have a gentle touch, and the admin staff are also very friendly and very helpful sorting out the dental insurance.

Dr Dawson was terrific. I had never had a cavity before and didn't know what to expect. She and her assistant talked me through the entire process and were very considerate of what I may be feeling and experiencing. I really appreciate her excellent "bed side" manner. I also appreciate her ethics as she decided not to work on the smaller "baby cavity" since there was not much decay and she stated she felt she would be removing more good tooth than bad. Thank you for a terrific experience. Your practice continues to be my favorite!

I have been a patient of this practice since I moved here in 1992. With the exception of a year when my insurance coverage changed and I could not use this practice I have been a very happy and loyal patient. Dr. Mohme and his staff are all competent and highly efficient professionals. Dr. Mohme has always been conservative in treatment and unlike the dentist I had to see that one year would not recommend treatment i.e crowns until it was absolutely necessary. I appreciate that. Finally their office hours are very convenient for me with my work schedule.

Review for Kecia Edmondson

I love Dr. Mohme and his office staff. He prevented me from having to go through a painful and expensive procedure on my first visit. He was very upfront and said it might not hold up over time but 10 plus years later it still works! I am one of those who doesn't like to go to dentist, but they are wonderful about calling to remind me on the day they have an appointment open, so I don't have to think about it for ore than a few hours.I also think it is great they support Gwinnett Relay For Life. The staff is almost the same as it was the first time I walked in the door, so something must be great at this office, because they have by far the best people I have encountered at any medical office.

I always enjoy visiting Dr. Mohme's office! I had some trouble areas at my last cleaning that Dr. Mohme and Kecia talked about. It would have been

nice for them to show me how to properly floss and what other problem issues were (point them out), so I can work on fixing them for my next cleaning. I didn't think of this until I had left, but it might be something to add to appointments - don't just tell the patient what needs to be worked on but show them. See you in a few months!

What a thrill to walk in the office and be greeted by name with the enthusiasm that they are really glad to see me. Then literally as I was regretting forgetting my book to read, at that very moment before my rear end hit the beautiful sofa, Kecia comes out with her beautiful welcome smile. I am taken back, greeted, bibbed, seated, caught up on family and news, teeth cleaned with a vengeance, tenderly, but no mercy on stains or plaque! I have the worse stains in the world due to expessos and red wine, but they cannot stand up to Kecia, she uses every legal method to take the very stubborn stains down and does. Then the professionals, Edward Mohme, with his knowledge and experience, and Kristina Dawson with her updated degree are superb!! Thanks to Peachtree Corners for an excellent job from everyone at the dental office !

All the staff at the dental office were extremely courteous, as usual. Tori conducted my initial cleaning, and was very gentle, but thorough. I was warned not to close my mouth if I fell asleep in the chair, during the procedure. But that didn't happen! Both she and Dr Dawson looked at my chart, and didn't notice any recurrence of problems, following the gum surgery that was performed by Dr Baker, early last year! Dr Dawson checked if I had any gland problems, but gave me a clean bill of health. I am not due to return until October 28th, but will look forward to the same exceptional treatment then.

My wife AND children have been loyal dental patients of theirs for over 20 years. They are exceptionally professional and are pleasant people to know on a personal level. Probably the best referral I can give to a new customer considering a new dentist is that I have always felt like they look after the health of your teeth before they look after the how much they might bill you. They've even accomodated a couple of "emergency" visits and been VERY fair about it.

I always have a good feeling about going to the dentist, you've changed my entire outlook about what to expect. It's good to go somewhere & to see the same people, it says alot about your entire operation.

Dawson and Mohme is the best dentist office in Metro Atlanta!!! You actually see the dentist at the time of your appointment, no sitting and waiting to be seen past your appointment time and thats almost unheard of in Metro Atlanta. The staff is extremely friendly,experienced and knowladgable!! The value is excellent for the quality of work that is performed out of their office.

We have received excellent dental care for our family for many years. The addition of Dr. Dawson is a great bonus for the practice. I scheduled with her for her first crown in the practice and had a perfect result with no pain. Thanks for taking such good care of us! The Sanders Family
